

Call for Posters

Salzburg Congress, September, 24 - 26, 2018 | Salzburg, Austria

The European Cycling Summit 2018 invites you to submit your poster and offers the opportunity to share your innovation and experiences with a broad range of cycling enthusiasts. The poster exhibition will be located in the center of the conference venue.

The call for posters is open to any relevant topic. Best practice examples, technological innovations, documentations of promotional activities or research results are especially suitable for poster presentations. Design your poster attractively and convey your main findings concisely and easily readable. Please design your poster for DIN A1 or DIN A0 formats (portrait format) only.

Contributions can be made to the following topics:

Cycling Culture	Innovations	Applications
<ul style="list-style-type: none"> > Communication strategies > Mobility routines > Behavior change > Children > Cycling & commuting to school > Physical activity & health > Cycling politics > Mobility management 	<ul style="list-style-type: none"> > Smart Cities > Urban & transport planning > Cycling tourism > Bike sharing systems > Bicycle technology > Cycling research 	<ul style="list-style-type: none"> > Best practice examples from municipalities and regions > Infrastructures > Legal issues > Planning > Mobility data

We invite you to send an e-mail with a short abstract of your poster topic not later than 17th of June 2018 to cyclingsummit@sbg.ac.at.

Your contribution is required to contain the following information: *full name and affiliation of the author(s), poster title and brief description of the poster content.*

All submitted abstracts that meet the formal requirements are subject to the program committee's review.

Acceptance notifications will be sent out until **1st of July 2018**.

Posters with product placement are not eligible. However, we refer to the exhibition area and are happy to help you with your product promotion there.
