

Call for Presentations

Salzburg Congress, September, 24 - 26, 2018 | Salzburg, Austria

With this Call for Presentations for the European Cycling Summit 2018 you are invited to actively contribute to the program. No matter from which perspective you are dealing with cycling culture, share your innovations and experiences with a diverse audience.

The programmatic slogan of the European Cycling Summit 2018 is "Cycling Culture Moves". Cycling has been experiencing a notable boost over the last years and decades in Austria and many other parts of Europe. Significant investments in infrastructure, technology and administrative workflows have been made. Now it is time to extend previous efforts and illuminate new paths of cycling promotion. In both cases, it is regarded as crucial that cyclists themselves are at the very center of all future considerations. The European Cycling Summit 2018 thus highlights cultural, social and psychological aspects of cycling. The motto "Cycling Culture Moves" explicitly refers to the human perspective of cycling and aims to integrate other innovational and practical aspects in this light.

The contribution is required to contain the following information: full name and affiliation of the speaker(s), topic to which the contribution is assigned, title, problem description, results and innovations achieved.

Contributions can be made to the following topics:

Cycling Culture	Innovations	Applications
<ul style="list-style-type: none"> > Communication strategies > Mobility routines > Behavior change > Children > Cycling & commuting to school > Physical activity & health > Cycling politics > Mobility management 	<ul style="list-style-type: none"> > Smart Cities > Urban & transport planning > Cycling tourism > Bike sharing systems > Bicycle technology > Cycling research 	<ul style="list-style-type: none"> > Best practice examples from municipalities and regions > Infrastructures > Legal issues > Planning > Mobility data

You are invited to send your short abstract with a maximum of 300 words to cyclingsummit@sbg.ac.at. Submission deadline is the 15th of April 2018.

All contributions will be subject to rigorous review by the program committee. Acceptance notifications will be sent out until 13th of May 2018.

Abstracts with product placement are not considered for the program. However, we refer to the exhibition area and are happy to help you with your product promotion there.
